As a passionate Web Developer, I love turning ideas into reality through my code. With a strong foundation in HTML, CSS and JavaScript, and experience in web frameworks like React and NodeJs, I am skilled at developing responsive and user-friendly web applications. I am eager to learn and stay up-to-date with the latest trends in my craft. With a keen eye for detail and a passion for delivering high-quality products, I am ready to contribute my expertise to help you create web solutions.

EDUCATION

FALMOUTH UNIVERSITY Bachelor's Degree, BSc (Hons) in Software Engineering, [*First-Class (1)*], 2023.
ICON COLLEGE National Diploma, HND in Computing, [*Distinction*], 2022.

SKILLS

FRONTEND HTML5, CSS, Sass, JavaScript, TypeScript, React, React Native
BACKEND NodeJS, Express, MongoDB, Mongoose
DESIGN Adobe Photoshop, Adobe Illustrator, Draw.io
OTHER Git, NPM, Arduino, VsCode, Atom

EXPERIENCE

FREELANCE DEVELOPER 2022 & 2023 **COACH FRANCESCO WEBSITE**
Developed portfolios and landing pages for my successful personal trainer client using HTML, CSS, JavaScript, NodeJs and MongoDB.
CONTRACT DEVELOPER 2022 **OPALO DIAMONDS VENEZUELA**
Established Opalo's web presence with a fully functional website from inception to completion, collaborating with a graphic designer.

PROJECTS

RIFFMASTER RiffMaster is an interactive web app with a custom-designed realistic digital guitar controller that I intend to patent. The web project includes interactive music games, guitar-playing jam sessions, and a chord finder. (*HTML, CSS, JavaScript, Arduino, NodeJS, MongoDB*)
CSS PATTERNS A web application with a GUI to generate vendor-specific code for CSS linear and radial gradients and patterns, featuring custom colour pickers for web-safe colours. (*React, Sass*)
RAINCHECK A modern mobile weather application with dynamic backgrounds live and custom location settings built on OpenWeatherMap API. (*React Native, Expo*)
FRUITS N FLOWERS A Candy Crush game with additional twists and challenges to increase the difficulty. The game includes unique gems, a shop and over 100 increasingly challenging levels. (*HTML, CSS, JavaScript, PhotoShop*)
